Friday, October 5, 2018 – Scientific Programme / Flash Talks

Programme & Information	Estrel Saal A & B
-------------------------	-------------------

<p>Speakers Flash Talks: Dr. Janina Burk, Leipzig (GER) Olga Drownowska, Warsaw (PL) Dr. Anna Ehrle, Berlin (GER) Dr. Carolin Ehrmann, Giessen (GER) Prof. Dr. Kerstin Fey, Giessen (GER) Dr. Claudia Gittel, Leipzig (GER) Johanna Ruth Hoffmann, Giessen (GER) Prof. Dr. Robert Klopfleisch, Berlin (GER) Veronika Kopp, Hannover (GER) Dr. Anna May, Munich (GER) Mark Meijer, Emmerich am Rhein (GER) Dr. Friederike Messerschmidt, Gessertshausen (GER) Dr. Stephan Neudeck, Hannover (GER) Tanja Pudert, Giessen (GER) Sabita Diana Stöckle, Berlin (GER) Dr. Aleksandar Vidovic, Trier (GER) Tobias Warnken, Hannover (GER) Dr. Sara Witte, Münster (GER)</p>	<p>Poster Authors: Christof Bertram, Berlin (GER) Dr. Katharina Birkmann, Munich (GER) Dr. Cristian Crecan, Cluj (RO) Dr. M. Carolina Duran, Munich (GER) Katharina Füßinger, Berlin (GER) Dr. Barbara Gruber-Beckmann, Bad Kissingen (GER) Dr. Carmen Claudia Klein, Bad Langensalza (GER) Inga Lindenberg, Berlin (GER) Dr. Theresa Maria Müller, Munich (GER) Bartłomiej Obrochta, Warsaw (PL) Natalia Siwinska, Wroclaw (PL) Martin Thunig, Leichlingen (GER) Dr. Mirela Tripon, Cluj (RO) Dr. Judith Winter, Berlin (GER)</p>
---	---

16:20 - 17:50	Flash Talks I (6 minutes each) Chairs: K. Feige / M. Röcken
----------------------	---

J. Burk, Leipzig (GER) Quantitative analysis of tendon healing based on low-field magnetic resonance imaging
O. Drownowska, Warsaw (PL) Strangles outbreak in a herd of 26 horses: Result analysis and conclusions
A. Ehrle, Berlin (GER) Detailed examination of the interspinous ligament in horses with kissing spines
K. Fey, Giessen (GER) ACTH responses after application of two TRH doses in healthy horses and ponies
C. Gittel, Leipzig (GER) Analysis of Heart Rate Variability in horses with experimental endotoxemia
J. R. Hoffmann, Giessen (GER) Changes of the pressure measuring image associated with lameness in horses – case study
R. Klopfleisch, Berlin (GER) Histologic and Cytologic Diagnostic Imaging of Equine Diseases: What's new?

3rd International Equine Congress

Friday, October 5 &
Saturday, October 6, 2018

Friday, October 5, 2018 – Scientific Programme / Flash Talks continued

V. Kopp, Hannover (GER) Protective effects of dexmedetomidine and MK-467 on intestinal ischemia-reperfusion injury in horses under general anesthesia
M. Meijer, Emmerich am Rhein (GER) The use of controlled volume umbilical infusion to treat retained fetal membranes in mares
S. Neudeck, Hannover (GER) Pharmacodynamics and plasma concentrations of MK-467 and/or dexmedetomidine as a constant-rate infusion (CRI) in horses anaesthetized with isoflurane
T. Pudert, Giessen (GER) Clinical and Radiological Findings in 8 Horses with Bone Fragments of the Cervical Spine
S. D. Stöckle, Berlin (GER) Praeoperative amoxicillin and gentamicin in equine clean orthopaedic surgery – a randomised controlled study
A. Vidovic, Trier (GER) Arthrodesis of the equine proximal interphalangeal joint: A biomechanical comparison of two different systems containing an axial locking compression plate and two abaxial transarticular cortical screws
T. Warnken, Hannover (GER) The impact of different glucose dosages in oral glucose test for assessment of insulin dysregulation

Saturday, October 6, 2018 – Scientific Programme / Flash Talks

12:00 - 12:40	Flash Talks II (6 minutes each) Chairs: C. Lischer / M. Hellige
A. Ehrle, Berlin (GER) Magnetic resonance imaging for the diagnosis of a bone sequestrum in the proximal articular surface of the middle phalanx in a 3-year old Warmblood	
C. Ehrmann, Giessen (GER) Bullous pemphigoid: therapeutic approach in a Warmblood gelding	
A. May, Munich (GER) Overground endoscopy and treatment of stationary DDSP in a 6 year old Shire Horse mare	
F. Messerschmidt, Gessertshausen (GER) Case Report: Junctional Arrhythmia because of Impaired Atrioventricular Conduction	
S. Witte, Münster (GER) Thoracolumbar facet joint lesions in Warmbloods: Radiographic findings and clinical significance
